8 February 2024

Dear Parent/Carer

## Whole School Curriculum Day - Wednesday 13 March 2024 Year 11 - GCSE Science and Revision Day

As part of Whole School Curriculum Day, Year 11 students will be taking part in a series of workshops to provide additional support for their GCSE exams.

The aim of the day will be to explore revision and study methods to prepare students for the demands of external examinations and to deepen their knowledge and acquisition of skills in their Sciences. Success in Science will benefit all students with their next steps, regardless of which courses they intend to pursue post-16.

The revision workshop will be delivered by specialists from 'Positively You'. They are a company who work with young people to empower them in their learning and encourage them to unlock their potential. They will deliver a highly-interactive learning experience which focuses on teaching students how to prepare for exams by equipping them with a range of very effective learning tools and exam preparation/revision skills.

Students should arrive in school for an 8.25am start in their full school uniform. They will register in the morning in their Tutor Groups, in their usual form rooms. The Windmill Cafe will be open for break and lunch and the day will finish at the usual time of 3.10pm. Students must bring their Science books, pencil case, highlighters/pens and a calculator.

We look forward to a great day.

Yours faithfully

Mrs E Mortimer

Director of Science & Social Sciences
