

12 March 2024

Dear Parent/Carer

## Catering Update - New Biometric Setup

On Monday 4 March 2024 we sent a letter introducing our new catering provider, Harrison Catering.

As mentioned in the previous letter, one of the criteria for the tender process was to improve the service time for our students and staff. To this end, we are having an overhaul of our current biometric setup **to now include biometric facial recognition, as well as the existing biometric fingerprint.**

Parents/carers had until Monday 11 March 2024 to let us know if they did not want us to include their daughter/son in the setup. We are now extending this to the end of the school day on the Wednesday 13 March 2024. If you do not want to include your daughter/son in this setup then please let us know via the Arbor parent app or email [contacttheschool@tolworthgirlsschool.co.uk](mailto:contacttheschool@tolworthgirlsschool.co.uk).

We will commence the biometric scanning process from Friday 15 March 2024.

Parents/carers can log into the Arbor App to update all consents.

Yours faithfully

Mrs C Field  
Admissions Officer
