

# Homework for Health and Social Care

- Over the summer look for 5 articles where someone in need has received help from either Health and Social Care professionals or members of the public. This can cover health needs or social care needs.
- Summarise the articles and outline how the professional or member of the public positively influenced the individuals PIES.
- This could be completed as a table;

Outline of each article	Impact on Physical needs	Impact on Intellectual needs	Impact on Emotional needs	Impact on social needs
