5 October 2022

Dear Parent/Carer

Whole School Curriculum Day - Friday 18 November 2022 Year 9 - Ecology Day

As part of the Whole School Curriculum Day, Year 9 students will be taking part in an Ecology Day on Friday 18 November 2022. On this day, the normal timetable will be suspended to allow students the opportunity to explore in greater depth.

Ecology is the study of organisms and how they interact with the environment around them. An ecologist studies the relationship between living things and their habitats. The day will develop students' team work and problem solving skills. They will be working in their Science groups with a Science or Geography teacher. Further details about the activities and classrooms for the day will be explained to your daughter in their Science and Geography lessons leading up to the curriculum day.

Students should arrive in school as normal for an 8.25am start in their school uniform and with their school equipment. They will register in their Tutor Groups in their usual form rooms. The Windmill will be open as usual for lunch and the day will finish at 2.55pm.

We look forward to a fantastic day.

Yours faithfully

Miss E Parker
Director of Science & Social Sciences

Mrs A Lowe
Subject Lead Geography
